*From ‘Charming Chinese’ to ‘Hungry Hawaiian’, Global Goodie Children’s Clothing Designs
Are a Humorous and Original Take on Embracing Cultural Diversity*

SAN DIEGO – August 5, 2008 – Born out of a love for foods from around the world, Global Goodie (www.globalgoodie.com) is an online boutique store of t-shirts, onesies and bibs just for children. The clothing company features original designs to help little ones understand and embrace all cultures across the globe through cuisine-inspired lines that include Charming Chinese, Fabulous French, Filipino Frenzy, Hungry Hawaiian, Jumpin’ Japanese, Middle Eastern Munchies, Sizzling Soul Food and Spicy Spanish.

“At Global Goodie, we like to think that our products are just as special as the cuisines they represent and the kids that wear them,” said Kim Lim, Global Goodie Founder and mother of two children who represent five cultures. “Our tees serve as a reminder to parents of a way to share the foods we love, while opening children’s eyes to new cultures through the yummy foods just waiting to be tasted. In today’s society, children’s fashions are not limited to the latest trends; instead, fashionable youth are those that are appreciative and respectful of all cultures. Global Goodie is a clothing line for families that are excited to teach their children cultural awareness through fun and educational clothing.”

The Global Goodie clothing line includes 6-month and 12-month onesies, 2T-4T t-shirts, and bibs, all screen printed with original designs created by Kim. Prices range from \$10 to \$30.
